

HEENA

Delhi, India | +91-999-107-9622 | heenarohilla03@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Mathematics and Computer Applications student with hands-on experience in AI/ML, Quantum Machine Learning, Cybersecurity, and Data Analytics. Experienced in designing secure AI-driven systems, quantum-resistant security frameworks, and real-time threat detection solutions through internships, research, and national hackathons.

EDUCATION

Maitreyi College, University of Delhi – B.A. (Mathematics Honours), Minor in Computer Science CGPA: 8.4/10 | 2022–2026
Senior Secondary (CBSE) – CGPA: 8.1/10 | **Matriculation (HBSE)** – CGPA: 9.4/10 2022 | 2020

TECHNICAL SKILLS

Programming: Python, C++, JavaScript, HTML

Data Analytics: SQL, Pandas, NumPy, Matplotlib, Scikit-learn, Excel, Data Visualization

Cybersecurity: Network Security, Cryptography, Vulnerability Assessment, Incident Response, XAI

Quantum Computing: Qiskit, Strawberry Fields, Quantum Algorithms, QKD

Tools: Linux, Windows, Canva, Microsoft Office Suite, SEO Tools

WORK EXPERIENCE / INTERNSHIPS

Subject Matter Expert (SME), PrepRoute Apr 2026 – May 2026

- Structured, validated, and quality-assured academic datasets for CUET UG/PG examinations; standardized content and analyzed patterns.

Quantum Communication Associate, Donyi Polo Cultural & Charitable Trust Sep 2025 – Oct 2025

- Conducted research and developed digital content; designed brochures and posters; managed social media content and supported campaign strategy and digital engagement.

Quantum Machine Learning Intern, CDAC, Noida Jun 2025 – Aug 2025

- Processed multi-source weather datasets (NetCDF, HDF5, CSV, JSON) and built predictive models for temperature, rainfall, humidity, and pressure.
- Applied Quantum ML using Strawberry Fields; developed visual analytics and forecasting dashboards.

Data Analyst, DDS Worldwide Trade Pvt. Ltd. Jul 2024 – Oct 2024

- Analyzed large datasets in Excel; generated trend reports and improved data accuracy across business units.
- Created 35+ marketing creatives, contributing to a 40% increase in audience engagement.

Digital Marketing Intern, IIDE – The Digital School Feb 2024 – Mar 2024

- Executed SEO strategies, keyword research, and on-page optimization; improved content visibility and organic reach.

ACADEMIC PROJECTS

QR-Based Indoor Navigation System for Visually Impaired (2024): QR-enabled audio navigation across 20+ campus locations, reducing navigation time by 40%.

Beacon-Based Indoor Navigation Application (2024): Bluetooth beacon indoor positioning with hardware deployment; collaborated on mobile app integration for accessibility. Awarded Memento of Appreciation.

ACHIEVEMENTS & CERTIFICATIONS

- Cyber Security Grand Challenge 2.0 (MeitY, Govt. of India):** Qualified for Round 1 — national-level competition by developing **SentinelShield**, a multi-layered quantum-resistant security framework for wearable IoT devices integrating **CRYSTALS-Kyber**, **AES-256 encryption**, **AI-based intrusion detection**, **secure boot**, **tamper detection**, and **adaptive authentication**.
- Generative AI Hackathon, IIT Jammu: Team Leader of Byte Benders**, leading the development of **Auto-SOC**, an AI-powered cybersecurity solution using **Pathway VectorDB**, **Splunk automation**, **vector embeddings**, and **machine learning**; advanced to the **final round** and secured a **Top 6** team position.
- Workshops:** Completed advanced workshops on **Quantum Computing**, **Post-Quantum Cryptography**, **Quantum Mechanics**, **Cybersecurity**, and **Generative AI** conducted by premier institutions including **IIT Guwahati**, **MNIT Jaipur**, **NIT Warangal**, **NIT Patna**, **IIIT Noida**, **University of Delhi**, and **MeitY**.

POSITIONS OF RESPONSIBILITY & EXTRA-CURRICULAR

NCC Cadet | Youth for Seva (NGO) | Seva International (NGO) — Led volunteer teams and managed leadership activities involving 100+ fellows; coordinated community outreach programs.
